National Lumber Home Finishes is the name given to our 4 paint stores that are not at lumberyards. These retail stores stock the same full line of paints and sundries as all our other paint stores, with the added benefits of additional products that provide the finishing touches to a home. Visit our website for additional information.

*We also have experts in window treatments, wallcoverings, upholstery and furniture. Our talented Interior Designers are based at our Norwood location. They are available via teleconferencing and will meet clients by appointment at one of our showrooms. They also travel to client homes when appropriate. Please contact Todd Groman at tgroman@national-lumber.com for more information and to make a design appointment.
